

POTABLE ALCOHOL

Product range

Date of issue: May, 2019

Key products and applications:

Liquefaction enzymes:

DELTAZYM® BAA, alpha-amylase range
DELTAZYM® HSAA CT, thermostable alpha-amylase range
DELTAZYM® HSAA TF, thermostable low pH alpha-amylase range

Saccharification enzymes:

DELTAZYM® GA L-E-, glucoamylase range
DELTAZYM® GA L-A-, glucoamylase/acid-amylase range
DELTAZYM® GA L-P-, glucoamylase/debranching range
DELTAZYM® GA L-F-, glucoamylase/fungal alpha-amylase range
DELTAZYM® GA MAX L 3.6, formulated glucoamylase
DELTAZYM® FAA, fungal alpha-amylase range
DELTAZYM® PLA, pullulanase range

Viscosity reducing enzymes:

DELTAZYM® VR AC, complex cellulase/hemi-cellulase range
DELTAZYM® VR AT, complex cellulase/hemi-cellulase range
DELTAZYM® VR DP, cellulase/hemi-cellulase range
DELTAZYM® VR XL, xylanase range
DELTAZYM® VR VX, xylanase range
DELTAZYM® VR SX, complex xylanase/hemi-cellulase range
DELTAZYM® VR BG, beta-glucanase range
DELTAZYM® VR EV, complex xylanase/hemi-cellulase range to reduce surface coating

Other enzymes:

DELTAZYM® APS, acid protease range
DELTAZYM® BNP, neutral protease range
DELTAZYM® PA, alkaline protease range
DELTAZYM® *Extra Yield*
DELTAZYM® P, phytase range
DELTAZYM® DEX, dextranase range

Yeast & yeast nutrients:

DELTAFERM® AL-, dry active yeast range
DELTAFERM® TURBO, dry active yeast/nutrient complex range
NATUSTART®, yeast nutrient range
